Read – A – Thon -

More money kids bring in, the higher the prize they get, we can make 75% or 80% if we do our own prizes (going to probably go with the prizes), most kids est. to bring in \$35 per kid, they make about \$7000 to \$10,000. They can enter in kids names to database in advance (Mr. Hanley is checking if we can give the names for it), have to pledge at least \$10, "Read-A-Thon"

Running whole month of April

\$2,000 per hoop; we have 3 hoops; need to check on safety factors for adjustable hoops; discussion of attaching backboard on the wall to avoid pinch points or issues. May want to look into 3 non adjustable ones , maybe two short and one tall. Motivation for getting new basketball hoops; Mr Hanley agrees that this would be a good goal to work towards. Even if we just have 1 that is adjustable. with winner of the read a thon being VP/Principal for the day and overall top winner gets Thunderbolts tickets
